Greetings to all,

Another large dose of gratitude for those of you that have bought my first book. *Sister Sage's Astrological Journeys* is truly on a journey.

Since the launch on March 28th, 2017 the feedback has been amazing. Some of you have noticed your own patterns and full circle (cycle) moments as mentioned in the book. Mine is front and center.

As I write this newsletter, I am preparing for the book signing on June 3rd, 2017 at Zao Island.

On the next newsletter, I am sure there will be more pictures, stories and plenty to share.

Let's look at what is coming up in the Astrological realm for the next month or so.

Upcoming Events!

Upcoming planetary news!

As of May 25th to June 9th, 2017 we are in a new moon to full moon phase. What does that mean? Time to start new adventures, sign contracts and make agreements.

On Saturday June 3rd, we have the Moon in the sign of Libra. Libra rules harmony, balance and love. For those born in January it is affecting your 10th house of career, public standing and accomplishments. Sister Sage was born in January. Libra does want us to find balance in all that we do. Balancing our home life and work is a great example.

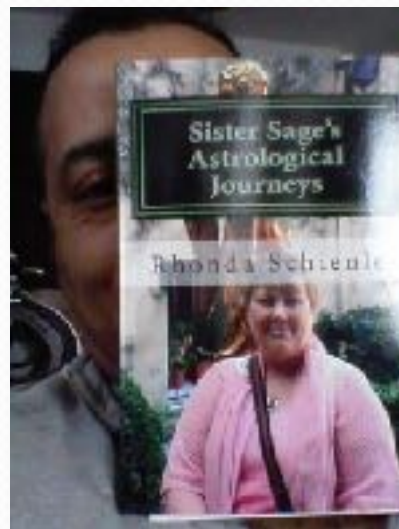

The Sun is now in Gemini. Gemini rules communication, expression and writing. For those born in June, the Sun is shining in your first house of gifts, talents and innate abilities.

June 9th 2017 is another wonderful astrological moment when the lucky planet of Jupiter goes direct. In addition, we have that on a Full Moon in Sagittarius. Growth, expansion and opportunities says Jupiter.

The Dragon's Head in the sign of Leo and Dragon's Tail in Aquarius, which commenced on April 28th, 2017. We all will have some type of changes in the month of August and then February, 2018. What determines where the changes occur is the house on your astrological chart where Leo and Aquarius reside. For example, if you are born in May, your 4th house of home and family are changing and then your 10th house of career. As mentioned in the book, this combination of Leo and Aquarius will last for 18 months from March of 2017.
